AUTOZUBEHÖR & PERFORMANCE  
WINTERKATALOG 2024/25

## ANWENDUNGSLISTE: ECE WINTERALURÄDER

Aufgrund europäischer Richtlinien der Economic Commission for Europe ECE R12 verlangt der europäische Rädermarkt immer mehr nach Rädern mit ECE-Norm. ECE Räder entsprechen exakt den technischen Abmessungen des Originalrads vom Fahrzeughersteller, das bereits in den Fahrzeugpapieren eingetragen ist. Die Räder sind von außen mit dem ECE Symbol und der ECE-Genehmigungsnummer gekennzeichnet. Dies stellt für den Fahrzeughalter eine erhebliche Erleichterung dar, denn es müssen keine Unterlagen mitgeführt werden.
